10. Declaration of the originality of work

    Plagiarism is a serious academic offence for which there are serious
    consequences.
    Projects you are submitting should not include any code written by others
    unless it is explicitly credited to them with a comment immediately above,
    and/or mention in the Readme file.
    Failure to attribute credit to code that isn't yours, whether intentional or not will
    be considered plagiarism and will result in a failing grades and disciplinary
    procedures in line with our policy. *

    ◉   I confirm that the project submitted is entirely my own work and that I have not in-
         cluded any code which is not of my own creation, without full acknowledgement of
         this code
